Virtual Instructor-Led Training – ATL Sample Master® LIMS
Sample Master® (Web) Report Writing with DevExpress®

Accelerated Technology Laboratories, Inc. is excited to offer virtual Instructor-Led Training (vILT) courses for ATL Sample Master® LIMS. *Sample Master® (Web) Report Writing with DevExpress®* takes full advantage of the benefits of vILT delivery and is a live, online course that eliminates the typical travel and time costs associated with traditional classroom training.

Course Summary
Sample Master® (Web) Report Writing with DevExpress will allow students to obtain the skill set required for modifying the core existing DevExpress reports in Sample Master®, creating new reports, adding report automation, emailing, and integrating reports with the Sample Master® (Web) user interface.

Course Curriculum

FALL 2023 – SESSION SCHEDULE		
Session	Topics Covered	Session Date/Time
Session #1	Basic Report Design Concepts, Report Soup Starters, and Retrieving Data.	Tuesday, Nov 7 1:00 – 3:00PM EST
Session #2	The Report Design View, Reports Design Toolbox and Reports Controls.	Thursday, Nov 9 1:00 – 3:00PM EST
Session #3	Report Print Setup, Modifying an Existing Report in Report Design View, Organizing the Report (Headers, Footers, Sorting and Grouping), Creating Subreports.	Tuesday, Nov 14 1:00 – 3:00PM EST
Session #4	Adding Your Custom Report to the Custom Reporting Function, Replacing Core Sample Master® Reports with Custom Reports on Form Ribbons, Using and Adding Custom Report Switchboards, Automating and Emailing a Sample Master® Custom Report.	Thursday, Nov 16 1:00 – 3:00PM EST

Course Objectives
Upon completion of this course, students will have:
- The ability to rapidly generate, automate and email reports using Sample Master® LIMS data.
- The ability to integrate custom reports into the Sample Master® interface.
- Valuable hands-on experience in creating reports.

Who Should Attend?
Experienced Sample Master® LIMS users wishing to customize data reports. The requirements for this course include an understanding of the Sample Master® user interface and LIMS data setup. The Intermediate Sample Master® LIMS Training (Boot Camp - 3-Day Class) is required. Waivers may be available with those that can demonstrate the appropriate skill set.

Benefits of virtual Instructor-Led Training (vILT) Delivery
ATL believes that vILT delivery will provide its students with a number of benefits over traditional classroom training including the following:
- Reduced cost – vILT is live training delivered over the Internet, eliminating travel and time costs.
- Convenience – vILT students can participate wherever they want as long as they have access to the Internet and a computer with minimum technical requirements.
- Powerful collaborative tools – the vILT training platform ATL leverages state-of-the-art tools and incorporates live audio/video and screen sharing.
- Modular scheduling – to allow our students to integrate training into their normal work schedule, ATL is breaking up the course in sessions of 1-2 hours and scheduling these sessions over a period of time. The sessions will also be recorded – a benefit when schedules change unexpectedly or if students want to review certain elements of the training.

Pricing and Registration
The price of the *Sample Master® (Web) Report Writing with DevExpress®* course is $895 per student. This includes the cost of student materials and all administrative costs. To register for this course and to see details on all our training offerings, please go to www.atlab.com/services-training/vilt/.
For questions on our vILT course offerings please contact ATL at 800-565-LIMS or info@atlab.com.
